Built with performance and safety in mind, the J80 is the only sports boat with a category B offshore classification thanks to its remarkable stability and built-in buoyancy. Featuring a lead keel for balance, a tough two-spreader mast, a spacious cockpit, and a premium jib furling system with top-quality deck gear, this yacht is perfectly equipped for both racing and cruising. Renowned as an ISAF one-design class that hosts European and World Championships, the J80 is delightfully easy to handle while still capable of exhilarating speeds of up to 18 knots on a breezy day. With its own class at regattas across the UK, this is your opportunity to step into an exciting world of competitive sailing or enjoy thrilling days on the water.
