Description

EN
Just arrived at Morgan Marine, this highly sought-after 2004 Lagoon 380 Series 1 represents a rare opportunity, with this being the only example currently available for sale in the UK. As the smallest model in the Lagoon range, the 380 is renowned for its exceptionally well designed and original interior layout. This is the desirable three-cabin, two-head version, offering a genuine owner's suite complete with a proper owner's head and separate shower, providing comfort that is seldom matched in a catamaran of this size. The cleverly positioned galley, saloon, and bar area benefit from panoramic views and flow seamlessly into the cockpit, creating an open and sociable living space ideal for cruising and entertaining. This vessel has been well maintained and thoughtfully upgraded, with new sails supplied by Morgan Sails three years ago and a complete standing rigging replacement carried out in 2020, including all mast fittings. Rigging inspection from 2025 available. Navigation has been modernised with new touchscreen Raymarine chart plotters at both the interior and exterior helm stations, complemented by an autopilot. The spacious saloon is well equipped with a fridge freezer and inverter, enhancing onboard comfort for extended stays. Professionally serviced in May 2025, the work included new saildrive seals, a complete rudder rebuild with new bearings, new water pumps, and the boat benefits from low engine hours! Presented very well and offering excellent value for a catamaran that rarely comes to market in the UK, this Lagoon 380 is not to be missed and early viewing is highly recommended.

Deck: GRP hull - Re antifouled in April 2026. New synthetic toe rail. Fenders and lines. Mooring cleats. Bimini Top (2024). Liferaft (Seago 260). Life jackets and harnesses. Electric windlass with upgraded 25kg delta anchor and chain. Spare anchor, chain and rope. Main sail (2020). Head sail (2020). Spinnaker with launching sock.
