Nimbus Tender 8

Mercury 300Hp

Like the T9, the T8 has a wide walk-around deck design which allows for maximum freedom of movement and makes it easier for passengers to board and deboard. On the foredeck is a sunbed which provides lounging space for 4 people. The foredeck also conceals a large loading hatch with access to the cabin for easy loading.

The cockpit has inherited the same clean “look-and-feel” as the T9. Reversible helm seats and a mounted retractable table allow for a dining area for five people in three easy movements. The aft sofa accommodates 6 people, 3 facing aft and 3 facing the forward. The backrest on the aft sofa can be set to three different positions depending on intended use – seating while underway (upright position), aft lounge sofa (angled) or full sunbed (folded down).

Under the aft sofa there is a retractable refrigerator and an easily accessible storage compartment for storing equipment. On the aft deck there is also a shower outlet and two side storage compartments. Below deck there is a two-person berth with integrated ventilation, LED lighting, ample stowage and a separate head with sink. A galley facility is available via a retractable gas burner.

Engine 1

- Mercury
- 300XLVERCF
- 300.00 HP
- 223.71 KW
