La description

EN
The Nimbus Weekender 11 combines elegant Nordic oak interiors and eco-teak decking with a sporty white hull and blue cushions for a stylish, premium look. A fixed GRP T-top with an enclosing canopy, starboard balcony, extended bathing platform, and foredeck sunbed add comfort and space on board. The galley features a gas cooktop, fridge, hot water and Nimbus crockery for easy onboard dining. Extra portlights and smart storage create a bright, inviting space for longer trips. At the helm, dual Simrad 12" NSX plotters and joystick-controlled Mercury V8-300 outboards offer smooth, precise handling. The advanced JL Audio system and underwater lighting enhance your experience both underway and at anchor. With practical features like Zipwake trim control, diesel heating, a water-ski pylon and antifouled hull, the W11 is ready for stylish, comfortable cruising. This 2026 model Nimbus Weekender 11 is on order with the factory but changes can still be made to the specification - call us to find out about our offers. Note - library photos may not reflect specification of boat.

Deck: The Nimbus Weekender 11 boasts a Nordic oak interior paired with a white hull and distinctive blue storm outdoor cushions for a refined yet sporty aesthetic. A fixed GRP T-top with an enclosed silver-grey canopy offers shade and shelter, while the starboard-side balcony and extended bathing platform enhance onboard space and comfort. The foredeck features a luxurious sunbed with adjustable backrest and protective cover. Eco-teak decking runs throughout, completing the premium feel. With practical features like a water-ski pylon, stern gate, mooring package (fenders + ropes) and roof racks (60kg capacity), the W11 is well-equipped for both style and seafaring utility.

Cabin: The twin cabins are thoughtfully equipped for comfort and convenience. The Nimbus pillow set adds a touch of luxury, while the owner's cabin benefits from an additional wardrobe for extended stays. Extra portlights in the mid cabin, complete with curtains, bring in natural light and enhance ventilation, creating a more inviting living space below deck. Toilet and shower compartment + blackwater overboard discharge system.

Cockpit: The helm is equipped with dual Simrad 12" NSX plotters, offering crisp, intuitive navigation at your fingertips. Remote controls for both the bow and stern thrusters, as well as the windlasses, provide effortless handling and precise manoeuvrability from the cockpit - making docking and tight manoeuvres easier than ever. The galley includes a gas cooktop (LPG), hot water, and an 85L fridge + Nimbus crockery and cutlery - ideal for relaxed onboard dining.

Electronics: This boat is fully equipped with a premium electrical and electronics package designed for seamless cruising and entertainment. Shore power is handled by the Mastervolt Chargemaster 12/50A system with 25m cable and 230V outlets. Two blue underwater lights add a striking visual touch at anchor, while the Nimbus Connect system keeps you in control remotely. For entertainment, the high-end JL Audio HiFi package includes an MM105 stereo, six M6-650X speakers (including two on the aft deck), a powerful MV800/8I amplifier, M610IB subwoofer, and DAB antenna - delivering rich, immersive sound throughout the boat. Navigation and communication are handled by twin Simrad 12" NSX plotters, a Simrad xSonic SS60 thru-hull sonar, and a Simrad RS40 VHF with AIS receiver and antenna for added safety and awareness on the water.

Machinery: Powered by twin Mercury Verado V8-300 XXL outboards in striking Cold Fusion White, this boat delivers exceptional performance with joystick control, autopilot, Skyhook, VesselView 403, and Active Trim for smooth, intuitive handling. The Zipwake Dynamic Trim Control System (450mm Series S) ensures optimal stability and efficiency at speed. Manoeuvrability is further enhanced by a Quick bow thruster and a powerful Quick bow windlass (16kg anchor, 50m of 8mm chain) with deck control. Comfort is also taken care of, thanks to a diesel heater, defroster, and 40L hot water system - ideal for extending your season on the water. Fuel capacity: 850L. Water capacity: 135L. CE Category: B10 / C12.
