Taiga Orca Performance E-PWC

EXCLUSIVE SEASONAL SAVINGS

Get $3,5000 Off and a FREE 2026 Software Update until December 31st

Surprisingly nimble, definitively robust, all-out impressive. With its 100% electric Tractive Unit, Orca merges the powerful with the sustainable, for a completely new way to enjoy a day on the water.

This all-electric superbike is engineered from a clean sheet to bring you the most exhilarating ride on the water. Silent, with only the sound of rushing wind, waves, and a motor hum up to 20x quieter than combustion.

Taiga's powertrain is purpose-built for water powersports and specifically designed to operate safely and reliably in all types of weather.

Unlike gas-powered engines that require oil, belts, spark plugs and mechanical know-how to operate and maintain, Taiga's electric watercraft need very little maintenance. No fueling, no oil changes, no winterization - just unplug and go!

Engine 1

- Electric
- Direct
- 160.92 HP
- 120.00 KW
- Electric
